

The #1 Salesforce Calendar Application

You already know that CalendarAnything is more than just a calendar. The application's intuitive approach improves overall Salesforce adoption by eliminating the need for external calendars. Get all the benefits of Classic and more today when you upgrade to CalendarAnything Lightning.

Here's what Lightning can do for your business:

	CLASSIC	LIGHTNING
Use for Lightning Salesforce implementations		✓
Updated, intuitive interface		✓
Single package to maintain mobile and desktop		✓
Multilevel color-coding allows advanced visualizations of up to three different field types		✓
Export calendars to Excel and share with Google Calendar or Outlook via .ics download		✓
Dynamically embed calendars easily within Salesforce layouts to see every touch point with an account over a specific period of time		✓
Integrations with Google Calendar, Outlook, Zoom, Slack, and Microsoft Teams		✓
Ability to use Salesforce page layout or Flow to create or edit records from the calendar		✓
Full support of SLDS (Salesforce Lightning Design System)		✓
Easily add calendars to Digital Experience sites		✓
Self-scheduling with availability calendars for internal and external users		✓
Differentiate pertinent data at-a-glance	✓	✓
Create and edit records directly from the CalendarAnything app	✓	✓
Seamless team collaboration	✓	✓
Quickly define the records you want to see with filter sets and other search capabilities	✓	✓
Personalize your calendars with multiple views and settings, including Day and Day with Grouping, Month, Agenda, Week, Swimlane, and Gantt views	✓	✓
Use for Classic Salesforce implementations	✓	
CalendarAnything Mobile is a separate managed package to maintain	✓	
Embed calendars via Visualforce code	✓	

Upgrade today! Email the [Customer Success](#) team to get started.

As part of Mphasis, Silverline has helped clients deploy, manage, and enable continuous value with Salesforce's portfolio of products. CalendarAnything is the most customizable calendar and scheduling app for Salesforce. It allows audiences to self-schedule and users to display calendars built from any standard or custom Salesforce object. Download the free trial today and find out why CalendarAnything is the highest rated calendar application on the [AppExchange](#).
